11. Rules for **Championship Classes** – run under Table A9. At the conclusion of the first round, all clear rounds or, if there are less than 8 clear rounds, those 8 with the least faults in the first round will qualify to go forward to the jump-off. If there is a tie for 8th place, the fastest competitor will qualify. The order of going in the jump-off will be in reverse order of penalties (and time from the first round, in the case of equality of faults). Final placings will be determined by adding together faults incurred in both rounds. In case of equality of faults, the fastest time in the jump-off will determine the final placings. Lower placings for competitors not taking part in the jump-off will depend on the faults and time (in the case of equality) in the first round
12. Rules for **Grand Prix Classes** - This is a three round competition. All horses/ponies jumping clear in the first round or, if there are fewer than 8 clear rounds, the 8 horses/ponies with the least number of faults go forward to the second round, carrying any faults incurred with them. Round two is jumped over a puissance-type course of single fences, not against the clock. Horses/ponies with the highest number of faults in the first round will jump first, followed by those with the next highest and so on. If there is equality of faults after the second round, there will be a jump-off over a shortened first course. Lower placings will be decided first on the total number of faults, then on the time taken in the first round.
