Rules for CHALLENGE Classes 60, 61 & 62 – Table A9 – Two Round Competition

The best five scores or all clear rounds will go forward to the second round which will be against the clock. In the event of equality, faults and time will decide i.e. the faster four faulters will qualify. All scores in the first round will be carried forward to the second round. Competitors in the second round will start in reverse order of merit or the slowest four faulters will go first, the faster clear last. If necessary those who did not reach the second round, faults and time in the first round will determine their placing. However he/she will be placed after those who compete in the second round.

If a competitor withdraws from the second round he/she will not be replaced and he/she will receive placing from the first round. At least five prizes have to be awarded.

Rules for GRAND PRIX Classes 55 & 58

This is a three round competition judged under Table A.

The first round will be built at the height stated on the schedule and run at 325 mpm for class 55 and 350 mpm for class 58 with an appropriate time allowed.

All horses/ponies jumping clear in the first round or, if there are fewer than 10 clear rounds, the 10 horses/ponies with the least number of faults go forward to the second round, carrying any faults incurred with them. First round time may be used to determine lower qualifiers to the second round where fewer clear rounds are recorded.

Round two is jumped over a higher course of six or seven single fences, not against the clock. These should be additional fences to the first round track and should be set significantly higher than those in the first round (10 - 15 cms).

Horses/ponies with the highest number of faults/slower times in the first round will jump first, followed by those with the next highest and so on. The fastest clear round therefore jumping last.

If there is equality of faults after the second round, there will be a jump-off over a shortened first round course. Lower placings will be decided first on the total number of faults, then on the time taken in the first round. The height of the jump off fences should be set in accordance with normal Table A rules.

Rules for the Guernsey Pony MASTERS 2018 – Class 74

This class is only eligible for ponies exceeding 128cms.

This class is run on the basis of the "Hickstead" Masters and is a one round class but in two sections (A & B).

First section (A) will be run over a course of 8 – 10 fences including a minimum one two doubles and will be judged under Table C Height 0.95m.

Competitors will register a time for the first section (A) and then proceed immediately on to the second section (B). The finish flags for Section (A) and the start flags for section (B) will be placed together after the last jumping effort of Section (A).

Section (B) will consist of four vertical fences numbered 1-4, preferably in a straight line (on related distances) and of similar appearance. The fences will be built ascending in height and to be numbered sequentially from the last fence of section A. (I.E. 1.00m/1.05m/1.10m/1.15m).

Section (B) will be judged under Table A.

Placings will be decided on faults incurred in section (B) and time recorded for section (A).

Start and finish flags must denote the start and finish of each section.
