### **Little and Large Relay Fault & Out**

This competition is for teams of two, either 1 horse and pony or 1 each of 148 & 128cm ponies; it is judged under Table C where faults equate to time penalties and the order must be drawn.

The Team enter the arena together and must jump a course of fences in the correct order; either member of the team can jump any fence as long as it is the correct order. However in the event of a fault at a fence the bell will be rung and the other team member must jump the next fence or, in the event of a refusal at the fence, the fence where the refusal occurred.

The Team's time is the time from crossing the start line to that of crossing the finishing line plus time penalties

Time penalties are 4 seconds incurred for each knock down, or in the event of a rebuild an additional 6 seconds are added from the time of restarting the clock. The first disobedience( refusing at a fence) of a Team member is not penalised but a second disobedience eliminates that Team member and the other Team member must complete the course provided they do not have two disobediences.
