Rules for GRAND PRIX Classes (Classes 21, 22 & 24)

This is a three round competition. All horses/ponies jumping clear in the first round or, if there are fewer than 10 clear rounds, the 10 horses/ponies with the least number of faults go forward to the second round, carrying any faults incurred with them. Round two is jumped over a puissance-type course of single fences, not against the clock. Horses/ponies with the highest number of faults in the first round will jump first, followed by those with the next highest and so on. If there is equality of faults after the second round, there will be a jump-off over a shortened first course. Lower placings will be decided first on the total number of faults, then on the time taken in the first round.
