Entries by hand only at the Clubhouse on Wed 30th July From 7.00 – 8.30 pm.

STRICTLY NO LATE ENTRIES and, due to time constraints, there will be no H/C rounds

RULES & ENTRY FORM

Raise A Fence Rules: The course will be made up of six fences, one of which will be a double. Seven competitors qualify to take part from a preceding A4 competition. Each competitor chooses a fence to raise by one hole – in the first round a different fence must be chosen by each competitor. All clear rounds go through to the next round and in subsequent rounds competitors may choose to raise **any** fence. If a competitor faults they are automatically retired and their selected fence is reinstated. There will be a maximum of five rounds, each round is drawn. The winner is the last person to jump clear in the final round.

Snooker Competition Rules: This is a competition, against the clock, based on the game of snooker, with a time allowed of 60 seconds. The competitor scoring the greatest number of points in the fastest time will be the winner. The course will consist of nine single fences and the fences will increase in difficulty according to their value. There will be three red fences (value 1 point) and one fence each of yellow (2 pts), green (3 pts), brown (4 pts), blue (5 pts), pink (6 points) and black (7 pts). Competitors are placed on points. In the event of equality of points, time will decide.

When the bell is rung, the competitor will cross the starting line in either direction and will jump a red fence followed by any coloured fence of his/her choice. This is followed by a further red fence and then any coloured fence until all three red fences and any three coloured fences have been jumped. **Each red fence may only be jumped once.** The competitor will then jump the yellow, green, brown, blue, pink, and black fences in that sequence omitting any that may have been knocked down previously. Fences may be jumped in **either direction**. Rule 276.4,5 & 6 apply.

The competitor scores the number of points allotted to each obstacle jumped clear. At the end of 60 seconds, the bell will be rung and the competitor must pass through the finish in either direction. If a horse has already started to take off at the moment when the time allowed is reached, points will be awarded provided that obstacle is jumped clear.

Double Accumulator Rules – a two round competition consisting of 8 individual fences with placings being decided by total points scored plus time taken. Points are awarded in an ascending manner for jumping fences clear in the first round and deducted in a descending manner for knockdowns in the second round.

ENTRY FORM – RJA & HS CHARITY SHOW
